Qualified piano moving available

724-935-9420

Safe Piano Storage May Be Required When:

- Home remodeling projects create excessive dust and dirt
- Refinishing floors
- Temporarily relocating
- Moving to a new home and the piano room is not ready
- Furniture moving companies' storage facilities are inadequate
- Your home will be unoccupied for an extended period of time
- Settling an estate
- Flood damage has created an unsuitable environment
- Fire/water damage has altered the humidity in your home
- Temperature or humidity changes can not be controlled
- Any situation arises where the piano is at risk for damage

Safe Piano Storage Offers:

- Storage for all makes, models and sizes - grand and upright
- Humidity and temperature regulation to insure ideal storage conditions
- Emergency service in case of environmental crisis
- Complete piano rebuilding and repair shop on site
- Regular inspection by a registered piano technician
- Expert piano moving for Safe Piano Storage customers
- Piano tuning in the home after delivery
- Flexible short & long term lease options
- Fully insured service

Located in the North Hills, **Safe Piano Storage** is owned and operated by Amy Marshall, Registered Piano Technician, Piano Technicians Guild. Amy has been rebuilding and tuning pianos throughout the Pittsburgh area since 1975.
